

WE ARE RELOCATION PROFESSIONALS

Here, There & Everywhere...We can help with your real estate needs!

Hand Picked Real Estate Professionals Worldwide:

We will carefully choose a real estate agent to assist with your out-of-town buying and selling transactions. We work with a network of relocation trained agents, tops in their offices, and we follow along every step of the way to make sure you are getting the service we require for our customers.

Relocation Packages: Let us order you a relocation package for your new destination and have it delivered overnight to your home. Use it to start educating yourself about your future hometown.

Cost of Living Comparisons: We will run a report comparing your current hometown with up to five other U.S. locations. This informative report is specialized to your situation and provides useful data to help make your relocation decisions.

School Reports: This report provides an abundance of information about the schools in a selected area. It provides information on choosing schools, amenities of each school option and so much more. It includes public, private and parochial options. It's an invaluable tool for those moving with children. We can also provide the same report for your local school district so you can make a comparison.

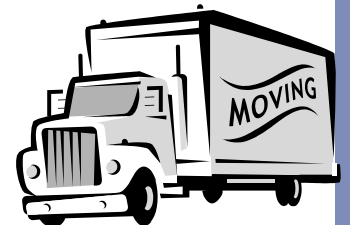

Mortgage Assistance: Let us get you pre-qualified before you begin your home search. Walk in with a strong offer backed by your pre-qualification. Our professionals at Burnet Home Loans will walk you through the process with ease.

Concierge: Need service people to give your current home a pick-me-up prior to putting up the "For Sale" sign? Let our Concierge Department recommend service providers with proven track records.

Rental Assistance: Need to rent out your Twin Cities home? Or did your home sell too fast and you need a temporary rental before you move on...Our Rental Consultants can help with any of your rental needs.

Van Line Assistance: Our Van Line Specialist is an invaluable tool in arranging and comparing service options. She will help you find the best pricing and service advantages, and provide his expertise in comparing quotes. She also follows through with your move until it is complete. She might even offer a special bonus or two for Coldwell Banker customers.
